APPROVED BUT NOT OPERATIONAL EXTENSION CLINICS

131 Main Street Oneida, NY 13421	Certified Service(s) - Proposed Chronic Renal Dialysis Q/P Home Dialysis Training	Operating Certificate Number (Proposed) 3202002H	PFI Number To Be Determined	Notes Project No. 142261 NYSE-COM Status: Under Construction Actual Construction Start: 05/09/17
131 Main Street Oneida, NY 13421	Medical Services - Primary Care	3202002H	To Be Determined	Project No. 171906 NYSE-COM Status: Awaiting Construction Start Notification from Applicant
1617 North James Street Rome, NY 13440	Medical Services - Primary Care	3202002H	To Be Determined	Project No. 171478 NYSE-COM Status: Under Construction Actual Construction Start: 10/15/17

Note: MVHS will work with the Department separately to determine if this should represent a single extension clinic site.

NEW EXTENSION CLINIC TO BE CERTIFIED THROUGH THIS PROJECT

[New Extension Clinic] St. Elizabeth Campus 2211/2215 Genesee Street Utica, NY 13501	Certified Service(s) - Proposed Medical Services - Primary Care Medical Services - Other Medical Specialties	Operating Certificate Number - Proposed 3202002H	PFI Number To Be Determined	Notes These services will remain in their current location, with no construction, on the former SEMC campus*. Sleep Center (Mohawk Valley Sleep Disorders Center) Primary Care Services 2215 Genesee Street Utica, NY 13501 Cardiac and Thoracic Surgery Offices Primary Care Services Laboratory Patient Service Center (PSC) Marian Medical Building 2211 Genesee Street Utica, NY 13501
---	--	---	--------------------------------	---

The St. Elizabeth site will be converted into an outpatient extension clinic to be known as "St. Elizabeth Campus". MVHS prefers that this site maintain its existing PFI number. In particular, sleep center services (Mohawk Valley Sleep Disorders Center), cardiac and thoracic surgery-related services (all of which are outpatient, medical-only services; no surgical services will be provided at this site), primary care and laboratory patient service center (PSC) services will continue to be provided at this site.

The Mohawk Valley Sleep Disorders Center and some primary care services are currently located on the campus located at 2209 Genesee Street, Utica (Oneida County), New York 13501. The cardiac and thoracic surgery offices, other primary care services and the clinical laboratory are located on the campus within the Marian Medical Building at 2209 Genesee Street, Utica (Oneida County), New York 13501. This site will become an extension clinic, with no construction needed. MVHS prefers that a new operating certificate be created for the extension clinic, which will be certified for the services of "Medical Services - Primary Care" and "Medical Services - Other Medical Specialties".

For purposes of this C.O.N. Application, we are assuming that, although these services will be located in different buildings, they will remain in their current locations and MVHS prefers that they share the same Operating Certificate and PFI number. MVHS is willing to discuss this issue with the State Health Department, should the Department prefer to certify the sleep center and outpatient cardiac/thoracic services, primary care practice and laboratory PSC as separate extension clinics.
